BOARD OF COMMISSIONERS

Thomas Johnston, Chairman  
Sherman Colson, Commissioner  
Peter Lucarelli, Commissioner  
Anne Carlson, Secretary

Tim Fuller, Fire Chief

KING COUNTY FIRE DISTRICT 34  
FIRE SERVICES FORUM  
September 12, 2006

- I. Call to Order – The Fire Services Forum of the Board of Fire Commissioners of King County Fire District 34 and the City of Redmond City Council was called to order on Tuesday, September 12, 2006, at 7:03 p.m. at the City of Redmond Council Chambers, located at 15670 N.E. 85<sup>th</sup> Street, Redmond, Washington. The following representatives were present:

KCFD 34/Redmond Fire  
Chairman Thomas Johnston  
Commissioner Peter Lucarelli  
Commissioner Sherman Colson  
District Secretary Anne Carlson  
Fire Chief Tim Fuller  
Deputy Chief Andy Hail  
Deputy Chief Bob Oliver  
Deputy Chief Deb Ayrs

City of Redmond  
Mayor Rosemarie Ives  
Council Member Kim Allen  
Council President Richard Cole  
Council Member John Marchione  
Council Member John Resha  
Council Member Nancy McCormick  
Council Member Jim Robinson

- II. Briefing on Station 18 Transition – Chairman Johnston reported that Station 15's crew was moved to Station 18 on May 1, 2006. The relocation and effects of the move will be monitored and reviewed this fall. Station 15 is not being used currently but could be re-opened if necessary. Since Station 15 is located on the border between the City of Sammamish and District 34, which is a poor location, the commissioners chose to relocate the personnel and equipment.
- III. Property Acquisition Efforts – The commissioners have been searching for property where Station 13 and Station 15 could both be relocated into a more efficient location. An offer was made on a piece of Union Hill property, but the feasibility study showed the property was not suitable for that purpose due to wetlands, poor septic, and large setbacks. The offer was rescinded. The search for suitable property will continue. Deccan software will be used to assist the commissioners in locating a new station. Dispatch information is downloaded into the software, and calls are classified as BLS, ALS, or Fire.
- IV. Public Preference Survey – The commissioners agreed to do a public survey to determine if the population of the fire district was interested in raising taxes to fund a fourth fire station. Results of the survey will be presented to the commissioners and the public by the consultant, Hebert Research, on September 21, at 7:00 p.m., at the Redmond Ridge Community Center. The Fire District received outstanding ratings on quality of service. The citizens were almost split on whether to raise taxes, but approximately 67% stated they wanted a vote. The survey was given randomly to citizens in the entire district.
- Mayor Ives stated that she would be interested in hearing if the citizens surveyed brought forth a preferred method of communication.
- V. Redmond Fire Staffing and Station 16 Closures – The commissioners expressed their concern with current staffing issues and closures of Station 16. They understand the reasons but hope the Council will look forward to a long-term solution.
- VI. Emergency Vehicle Access Corridors – The commissioners have hired RH2 Engineering to assist in opening emergency access corridors to help responses in the district. A cost/benefit analysis will be done in the next year. Locations have been identified.
- VII. Adjournment – Meeting adjourned at 7:25 p.m.
